

Virtual Public Genomics Café

Wednesday 17 June 2020, 11am - 12.30pm

Join us via Zoom!

Are you affected by a rare or genetic condition? Are you a member of the public interested in finding out more about genomics and health? Join us for a Virtual Genomics Café! This initiative is being run by Wales Gene Park in collaboration with Genomics Partnership Wales. **This month's café will focus on COVID-19 with talks from expert speakers, a tour of Genetic Alliance UK's COVID-19 Information Hub and a chance to ask questions and shape future cafes.**

The Virtual Café will be a relaxed, informal opportunity to meet others and find out about new advances in the area of genomic medicine in Wales. It will also be a chance for people to come together, be supported by others in their communities and let us know how we can better support those affected by rare or genetic conditions. **The café is FREE to join via Zoom, but you will need to register via Eventbrite to receive the joining link and instructions (you will also need to set up a free Zoom account).**

Don't forget to bring your cuppa and a snack to enjoy during the cafe!
